**S**ilver Hills Health Care Center & Silver Ridge Healthcare Center offer 24-hour skilled nursing and rehabilitation services from staff dedicated to treating people with dignity and respect. Our nursing and rehab services help individuals regain their highest level of independence, improve their current abilities and make their stay as comfortable as possible. We've made it our goal to transform typical health service into **HEALTHCARE WITH HEART!**

When you enter Silver Hills or Silver Ridge Healthcare Centers you enter a community of compassion. You'll see it in our people and in our service. We are committed to meeting the needs of our patients, residents, families and community. We strive to serve as extended family, all united in a circle of care for our patients and residents. It's this community of compassion and attention to individual needs that we believe sets us apart.

Through a multidisciplinary approach, Silver Hills and Silver Ridge Healthcare Centers help patients in regaining functional ability. We have physical, occupational and speech therapists with experience in treating a variety of conditions. Individual treatment plans are created and therapy programs are customized to meet each patient's needs.
