Las Vegas, Nevada 89117
(702) 570-7220

At Harmony Homes, we're devoted to giving our customers what they really want in a new home. We take our inspiration from our customers, the individuals and families who live, work and play in our communities. We listen when our customers tell us what they want, and incorporate that feedback into our home designs, locations, neighborhood amenities and included features.

Throughout the home buying process, Harmony Homes provides a seamless experience – from contracting paperwork to interior design to the construction of a new home. Each member of our team is dedicated to delivering quality.

We focus on delivering affordability, without compromising quality. What sets us apart from our peers is our dedication to building affordable homes without lowering the specifications or quality of materials. This is achieved by building strong, long-lasting relationships with trade partners who share our vision and best practices.

Locally owned and operated, Harmony Homes builds homes and communities across the Las Vegas Valley, from entry-level homes to some of the most luxurious production homes in Southern Nevada, like the Canyon Falls Estates community in southwest Las Vegas. Our Las Vegas communities offer one- and two-story homes priced from the \$130,000s and ranging from 1,559 to 4,900 square feet.

A privately owned company, Harmony Homes has sold more than 1,000 homes since it was formed in Southern Nevada in late 2008. The company is one of Southern Nevada's most successful homebuilders, and in 2012, enjoyed its best sales year to date.

Harmony Homes also recently introduced two new communities made up entirely of single-story homes in Laughlin, Nev. Due to its local success the company has also expanded with communities in California and Texas. For more information, visit www.HarmonyHomes.com.
