

Blossom Bariatrics is a weight-loss surgery center staffed with dedicated professionals committed to bringing you personalized care, easy accessibility, highly qualified medical staff and a supportive environment.

• **Personalized Care:** Patients meet with Tom Umbach, MD, at the beginning of their journey at a free informational seminar. This is followed by an initial evaluation with Dr. Umbach to decide on the best course of surgery and create an individualized action plan for an informative, enriching and rewarding surgical weight-loss journey. Moreover, an individual case manager stays in constant contact with patients up to surgery and beyond.

• **Easy Accessibility:** Patients receive the intimate care of the same surgeon throughout their weight-loss journey and enjoy easy access to appointment scheduling, electronic medical records and their individual action plan so they can monitor and fulfill their ongoing part throughout the program.

• **Highly Qualified Staff:** With seven years of professional surgical experience, Dr. Umbach trained with world-renowned surgeons in Advanced Minimally Invasive Surgery at University of Southern California, established a laproscopic surgical weight-loss program at Kaiser Permanente South San Francisco and initiated a "Center of Excellence" program in Eugene, Oregon. Dr. Umbach has been recognized as a Fellow of the American College of Surgeons and the American Society of Metabolic and Bariatric Surgery and has garnered other notable achievements, including being named New Economy's Best Health Care Consultant for 2013 and 2014 and Best Bariatrics Surgeon for 2014.

• **Supportive Environment:** Dr. Umbach has dedicated his life to the success of his bariatric patients, helping hundreds of patients lose thousands of pounds—many of whom thought they could never do it. With the caring help from Dr. Umbach and his staff at Blossom Bariatrics, anyone can achieve their dream of losing weight.

Michael Before Blossom Bariatrics

"The best weight loss experience and success I've ever had."

Michael K.

Lost 200 pounds at Blossom Bariatrics!

"My highest ever weight was 436 before I had Gastric Sleeve surgery with Dr. Umbach. I lost 200 pounds and I am enjoying my new life. I love being able to do things physically that I couldn't before. It's an amazing feeling being able to go up a flight of stairs without being out of breath. My journey was challenging at times but Dr. Umbach and his fantastic staff helped me reach my goal."

Thomas W. Umbach, MD, FACS, FASMB
